

## QUALITY POLICY

SANOK RUBBER COMPANY S.A. policy is to deliver products satisfying customers requirements and expectations, with consideration of price in conditions of growing competition.

Following objectives are resulting from it:

- to get and maintain leading position on market in the field of quality,
- to manufacture only products which are consistent with approved project,
- to integrate whole personnel at realization of the policy by training, incentive systems, team solving of problems,
- to reduce elementary costs, keeping planned level of the quality unchanged,
- systematically aim to obtain and keep zero defects in deliveries,
- continuously improve processes.
